Thursday, June 4, 2026

Dear Lida Xu,

I'm pleased to inform you that your MPower nomination has been accepted for Fall 26 and Spring 27 funding. Congratulations!

The Graduate School's finance team will reach out separately to confirm funding details shortly; funds will be provided by semester. Please direct any questions to Stephen Roth, Dean of The Graduate School (sroth1@umd.edu).

As noted in the MPower award announcement, departments are required to track and provide metrics of the awardee, including the number of graduate students supported, the number of graduate students retained or funded on new projects, the number of graduate students who complete degrees following use of this funding, and the number of research outputs that occur during or after the bridge funding. Outputs include publications, presentations, patents, submitted proposals. We will follow up with reporting details later next year.

Again, congratulations on your award. Reach out with questions.

Sincerely,

A handwritten signature in blue ink that reads "Jennifer King Rice".

Jennifer King Rice
Senior Vice President and Provost
